

VFOOS PTFE PROPERTIES

| ITEM | ASTM | TARGET | UNIT |
|--------------------------------|------------|-------------------|------------------|
| Mechanical property | | | |
| Density | D792 | 2.1~2.25 | g/m ³ |
| Elongation at break | ASTM | ≥150about200 ~350 | % |
| Compresssive strength | ASTM | 24 | Mpa |
| Friction coefficient | ASTM | 0.01 | - |
| Tensile strength | D638 | ≥15about20 ~45 | Mpa |
| Electrical Performance | | | |
| Insulation strength | D149 | >1400 | KV/mm |
| Volume resistivity | D257 | 10^18 | Ω.cm |
| Surface resistivity | D257 | 10^18 | Ω |
| Dielectric constant | D150 | 2.1 | - |
| Thermal Properties | | | |
| Operating temperature | - | 180 ~ 260 | °C |
| Melting point | - | 330 | °C |
| Maximum production temperature | - | 390 | °C |
| Fire resistance | UL94 | V-0 | - |
| Brittle point temperature | - | -268 | °C |
| General Performance | | | |
| Chemical solvent resistance | oustanding | - | - |
| Water absorption | D570 | 0.01 | 24h/% |
| limiting oxygen index | D2963 | > 95 | - |
